SUMMARY

Participants will roll a die and then answer a question that corresponds to the number that they rolled.

SET UP

- Prepare at least one die for participants to roll.
- Prepare a poster with six questions. For example:
 - 1. *What is your favorite memory from this year?*
 - 2. *What is something you accomplished this year that you're proud of?*
 - 3. *What is something you learned this year?*
 - 4. *What is one relationship you're glad you built this year?*
 - 5. *What is one challenge you overcame this year?*
 - 6. *What day from this year would you want to relive?*

INSTRUCTIONS

- Ask for a volunteer to be the first to "roll the dice".
- Have that volunteer roll one die and read out the number that comes up.
- Refer to the poster to see which question corresponds to that number, then have the participant who rolled the die answer that question.
- Have the participant who answered the question pick the next participant to roll the die and answer a question.
- Continue until all participants have answered a question.

VARIATIONS

- Use this activity as a getting-to-know-you exercise instead by picking different questions, such as:
 - 1. *What is one fun fact about you?*
 - 2. *What was your favorite TV show growing up?*
 - 3. *If you could travel anywhere, where would you go?*
 - 4. *What food would you never get tired of eating?*
 - 5. *What is your favorite activity to do in your free time?*
 - 6. *What will always put a smile on your face?*
- If there is enough time, let participants roll two dice and answer two questions.
- For less repetition in the questions being answered, create a list of 12 questions and have participants roll two dice and then add them together to determine their question.

VARIATIONS *(continued)*

-  **Large Groups:** To facilitate this activity for a large group, have participants get in small groups and give each group a die. Have participants take turns rolling the die and answering questions for their group members.
-  **Online:** To facilitate this activity virtually, post the questions in the chat and then use a virtual dice rolling website or application. Click to roll the die for each participant, and then let them answer the question. [\[click here for video\]](#)
